## DATA TABLES RESPONSES BY DEMOGRAPHICS

## NOTES FOR READING TABLES:

Note: ERC generally excludes the "don't know" response from analysis. In order to provide the responses from all participants below, the data tables were calculated in two steps. First, responses were tabulated without the "don't know" answers. As a result, the combined response for "Very important," "Somewhat important," "Not very important," and "Not at all important," for example, add up to $100 \%$. These results were inserted into the tables. Next, responses were tabulated including the "don't know" answers. The "don't know" responses were then inserted into the tables.

Note: " $\mathrm{n} / \mathrm{a}$ " indicates that a particular question or answer choice was not given to the indicated group.

Note: Results were weighted; Penn State Overall and the Group weights differ, and therefore numbers may not add up across all rows.
Note: Full question text has been abbreviated.

## CORE VALUES

Q1-1. How important would you say each of the following values is now to the Penn State community?
A. Accountability - We accept the consequences of our actions.
